

ANCHORAGE IN JEOPARDY:

Issues and Solutions ~
Is a Mooring Field the Answer?

Community Meeting
Thursday, November 12, 2015
6 – 7:30 PM
The Spinnaker Restaurant

There are over 200 boats anchored in Richardson's Bay, many abandoned and derelict, some sinking, and many lived aboard. The anchorage cannot sustain this many boats and Richardson's Bay is in jeopardy. Permanent, **sustainable solutions** are needed.

The City of Sausalito and the Richardson's Bay Regional Agency Invite You

to an informational presentation about the issues on the anchorage, as well as details of the proposed process to formulate solutions, including a mooring field. There will be time for questions, answers and comments, and your participation and input is important.

Please attend
Thursday, November 12
6:00 – 7:30 PM
The Spinnaker Restaurant
