 - Staff will seek partnerships and explore feasibility

Timeline for Approved Actions

- Initiate the action to Increase the Resilience of Regional Assets to as soon as possible
 - During the development of the Regional Adaptation Plan actions at the local, county and sector scale across the region will continue to advance
- Complete the Regional Adaptation Plan faster or phase it so actions can take place prior to completion
 - The Regional Adaptation Plan will be phased to the greatest extent feasible so that early actions consistent with the principles of the plan can advance

Engagement Exercise: Regional Adaptation Plan & Regional Asset Resilience

- Confirmation that BCDC is a logical lead, but with other regional partners and broad participation
- Need for a collaborative, transparent, iterative approach
- Should address existing regional concerns (e.g., housing, vulnerable communities, financing challenges)
