Waterfront Design Advisory Committee - **September 9, 2013**

exhibit 5: June 2013 Crane Cove Park Master Plan

Pier 70 Crane Cove Master Plan
Waterfront Design Advisory Committee - **September 9, 2013**

September 2013 CCP Master Plan Revisions:

1. Removed wharf at end of slipways 2 and 3
2. Added new overlook at end of runway
3. Completed path along entire shoreline
4. Created new destination overlook at end of shoreline path, facing shipyard
5. Redesigned linear playgrounds and play area bands to reinforce slipway 4 layout
6. Removed northern development site from project
7. Relocated building 30 closer to entry

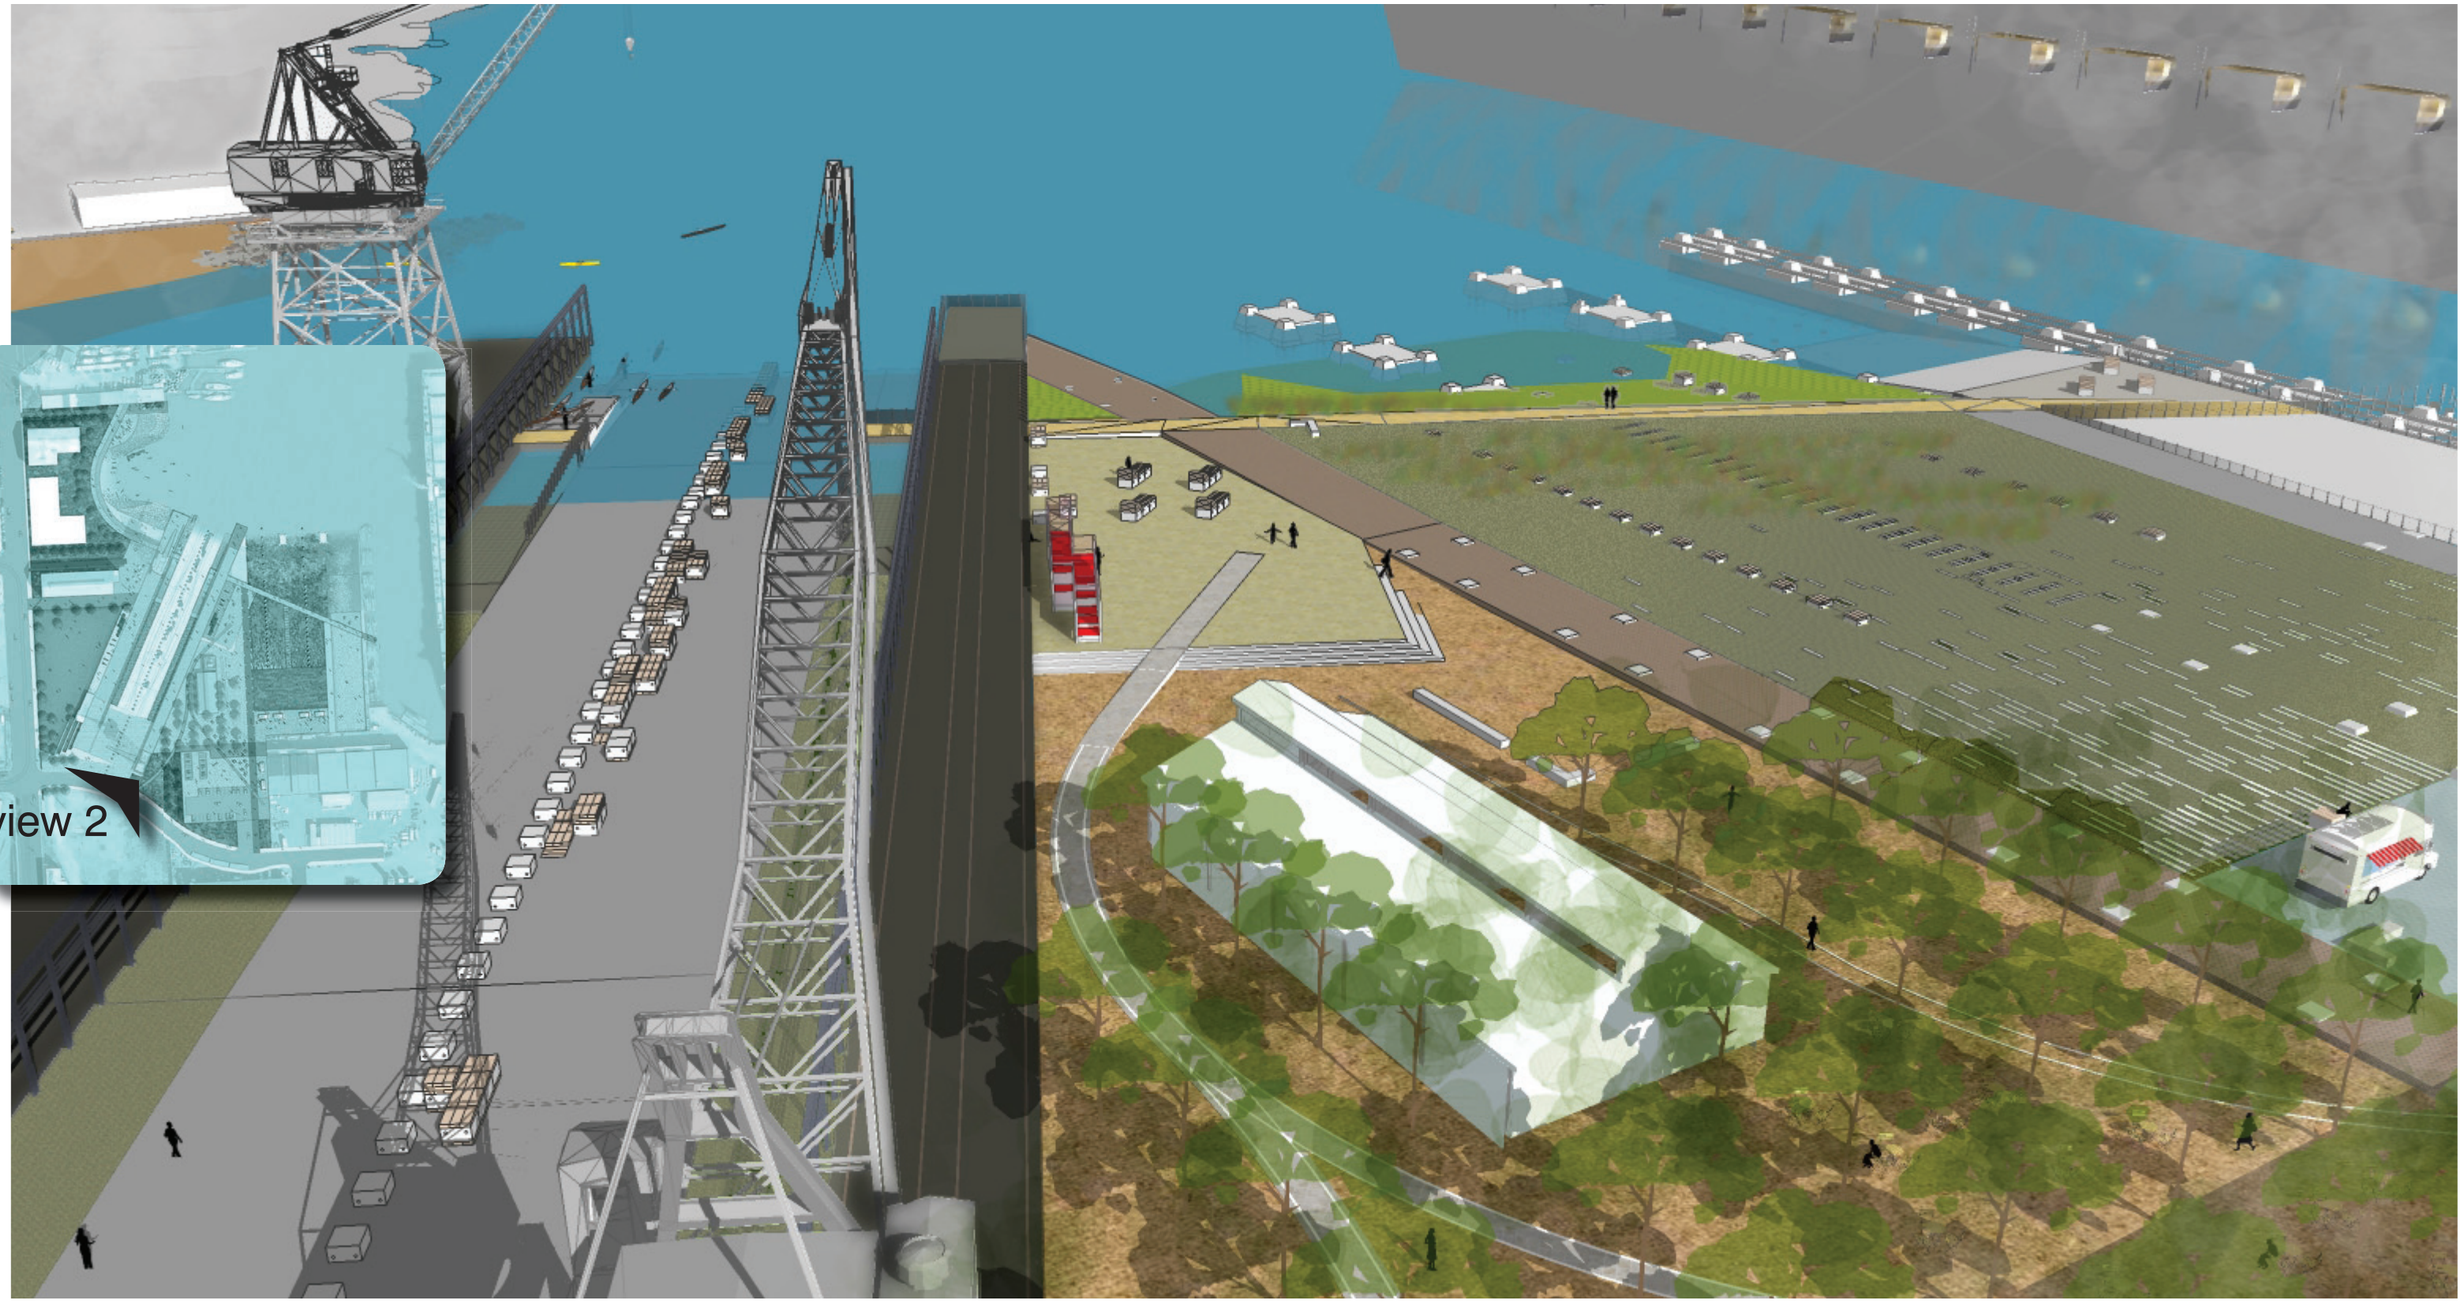
VIEW 1: Overall aerial park view, showing Slipway 4 as its defining element, and the shoreline path linking the diversity of cove's edge conditions.

exhibit 8: Overall Aerial Perspective

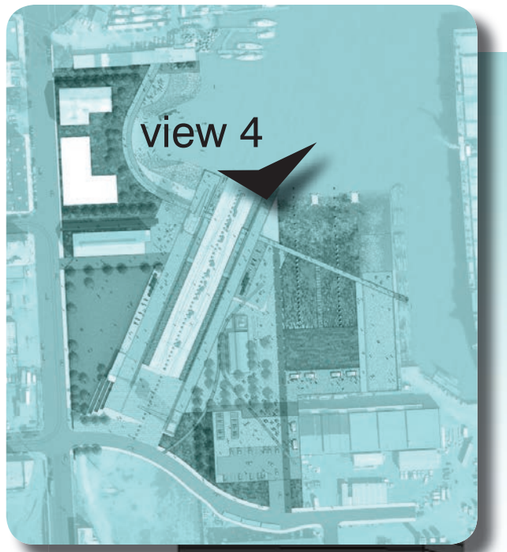


VIEW 2: Overall aerial park view, facing the cove. A new overlook extends from Slipway 4's eastern runway and becomes a destination within the park.

exhibit 9: Aerial Perspective of Slipway 4 and Maritime Fields

VIEW 3: Crane Cove Park's main entry at the corner of Illinois and 19th Street extension. The relocated building 30 functions as the park's entry sign.

exhibit 10: Perspective View from Crane Plaza



VIEW 4: The new overlook at the end of Slipway 4's runway is also the perfect vantage point to observe the park's living shoreline.

exhibit 11: Perspective View from Runway Overlook

VIEW 5: Former Slipways 2 and 3 are transformed into a living shoreline, including upland planting areas with multi-use no-mow native grasses.

exhibit 12: Perspective View of Maritime Fields
