Subject: Property 915 Chipps Island - Sept. 16th, 2011 Inspection

Dear Mr. Wickens,

On September 16th 2011, the Suisun Resource Conservation District facilitated a (boat access) site inspection of an exterior levee repair on Property 915 Chipps Island, in the Suisun Marsh. Mr. John Sweeney, the owner of the property, was present during the site inspection and discussed with you his methods and techniques of the repair of this exterior levee breach.

Per your request, here is a copy of the SRCD's file for Property 915's exterior levee repair. Enclosed is email correspondence pertaining to this exterior levee repair request and authorization. SRCD did not include the Regional General Permit 3 or the NMFS 2008 Biological Opinion in this transmittal, but the landowner received a digital copy of these two documents with the June 24th email authorization and a hard copy of these documents were also mailed to him.

Please let me know if you have any questions or need additional information.

Sincerely,

A handwritten signature in black ink that reads "Steven Chappell". The signature is written in a cursive style.
