Here is a link to the article about the partial cleanup of Union Point Park on May 15, 2018:

<https://alamedasun.com/news/authorities-face-new-estuary-challenges>

This cleanup only covered one third of the park.

The homeless who were displaced were angry.

A threat was made about use of the bathroom dedicated to the marina tenant, which resulted in an arson fire.

The required repairs will be quite difficult and expensive.

A security fence is necessary to help prevent a repeat arson attack.
