Dear [REDACTED]

Thank you for writing to alert BCDC of the ongoing issues that the marina tenants are experiencing at Union Point Park, including those directly affecting you. Your harbormaster, Brock DeLappe, has alerted all of the responsible entities to the problem and is working very hard to ensure that we implement improvements. To this end, BCDC, the State Coastal Conservancy and the Association of Bay Area Governments are in contact with the City of Oakland and the Unity Council to identify and implement solutions to increase safety throughout the park. This regionwide issue is challenging for to address. Nevertheless, I hope we are able to improve conditions on your behalf in the near future.

Again, thank you for taking the time to contact BCDC.

Very sincerely,

Adrienne Klein

Subject: Tenant in danger union point marina

Hello

I am a tenant in good standing for 1 year at union point marina oakland

In that time i have been physically assaulted once, threatened several times, robbed three times and am fed up with the cities lack of enforcement of the two no go zones in the union point park and the cities complete lack of effort at eliminating the remaining zone. There is so much violence and crime and fights and trespassing that we need a 24/7 police presence to keep us safe. The minimum u can do AND ARE REQUIRED to do is keep the park clear after sunset. Very simple and legal solution to the problem.
