**Regional Shoreline
Adaptation Plan**
An implementing project of BAY ADAPT

**TECHNICAL AND POLICY ASSISTANCE
PROGRAM FOR LOCAL CITIES AND
COUNTIES**

Technical & policy assistance program goals

What should the program provide?

- Support for local capacity building to engage in adaptation planning
- Tools and data to support the development of Subregional Shoreline Adaptation Plans that meet BCDC's Guidelines
- Technical knowledge to select and advance the right adaptation strategies

Possible TA Mechanisms

- Templates, worksheets, how-to guides
- Online Mapping Data Portal
- Office hours, consultations, or ongoing partnerships
- Webinars/workshops
- Making tools accessible via a website
- Educational and training programs

How to guide what the TA program should become

- Ask end users what they need
- Ask community, elected officials, and others to clarify local needs
- Prioritize communities with the greatest need for support
- Identifying ways to make the TA program accessible and available widely

RSAP MAPPING PLATFORM

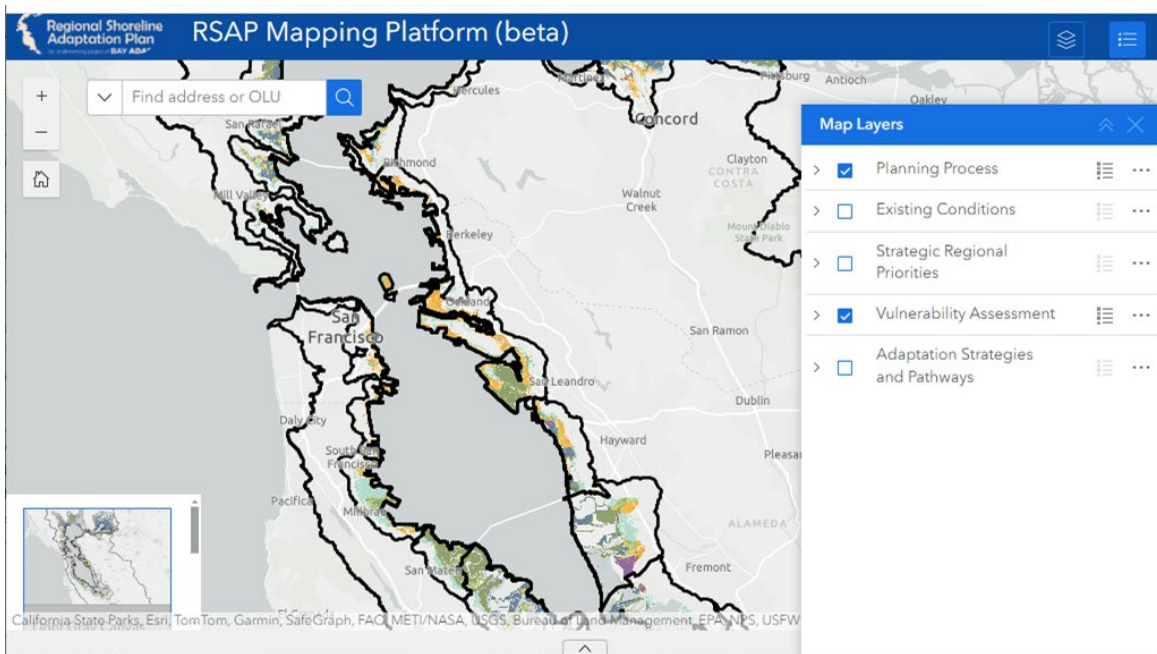

What will the Mapping Platform do?

Give regional data to make planning easier:

- ✓ Physical Conditions
- ✓ Coastal Hazards
- ✓ Social Data
- ✓ At-risk infrastructure
- ✓ Ecology
- ✓ More

Multiple functions to accelerate analysis:

- ✓ Display mapped data
- ✓ Download datasets
- ✓ Perform calculated statistics

Getting to a Mapping Tool for your planners

Q&A AND DISCUSISON

- **What specific tools do your planners need to fulfill the SB 272 mandate?**
- **What do you need as an elected official to advance the development of local plans?**
- **“Help us help you!” – Jerry Maguire**

THANK YOU!
