Hi Rowan,

I'd like to introduce you to Ed Tavasieff, a long-time tenant of the East Harbor at the San Francisco Marina (Gas House Cove) with over 40 years of experience. Ed has provided detailed comments on the proposed marina remodel, particularly regarding fuel dock relocation, emergency access, affordability, and overall functionality of the harbor.

He is available to speak with you directly and share his perspective in more depth. I've included his written comments for your reference.

Ed brings valuable on-the-ground insight into how the marina operates day-to-day and the potential impacts of the proposed changes on tenants and public safety.

Please feel free to reach out to him directly to coordinate a time.

Best regards,
Captain Maggie Hallahan

Ed here is Rowan info
