Remediation and Dredging

Marina Reconfiguration

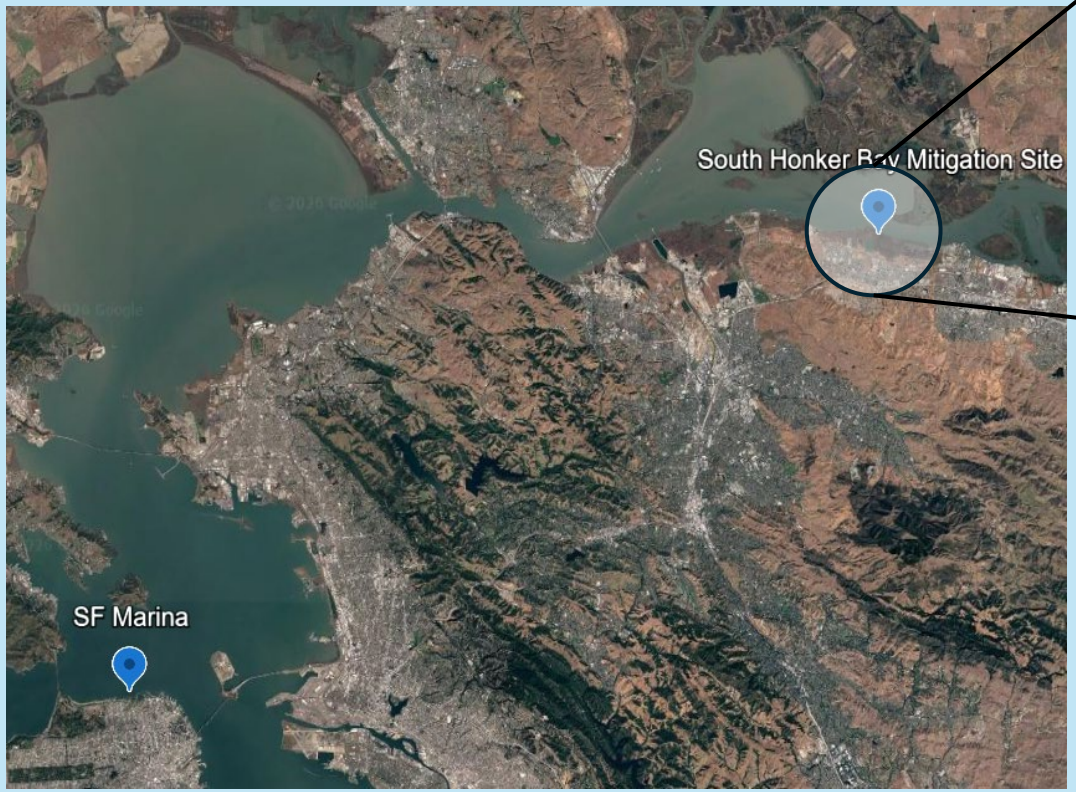

East Harbor Shoreline

Park Improvements & Public Access Requirements

Compensatory Mitigation

Remove 0.323 acres of debris at South Honker Bay

Staff Recommendation

Approve BCDC Permit Application No. 2025.006.00 with conditions:

- Remove 0.323 acres of Bay fill
- Dedicate ~0.75 acres of shoreline park and trails, and 5.7 acre shallow water recreation basin for public access
- Prepare a sea level rise adaptation plan when necessary to maintain public access
- Complete remediation and monitoring
