

# Beneficial Reuse Policy Development Workshop

Hosted by the San Francisco Bay Conservation and Development Commission

**Date:** Thursday, June 4, 2026    **Location:** Yerba Buena Room    **Time:** 1:00-4:15 PM

## Workshop Goals

- Learn about the sediment problem, BCDC’s role, and the Sediment for Wetland Adaptation Project.
- Help shape Bay Plan policies that would increase beneficial reuse of sediment and soil for wetland restoration as part of Bay Plan Amendment 1-26.
- Build on previous collaborative work that resulted in the Sediment and Soil Beneficial Reuse Action Plan which BCDC published last year.
